

## Update on COVID-19

15 April 2020

As you may be aware, as of April 15, 2020, all services that apply to the Autobody Repair are officially allowed to re-open.

Most of our employees are on duty and it's with great pleasure that they are available to meet your needs.

We invite you to contact our Customer Service Department for all orders or any other requests you may have. You will be advised on how to proceed regarding any pick-up orders. This for your safety and all involved in the preparation of the order.

Thank you for your loyalty and trust

Best regards to all

AB Warehouse
